Cor. Travis and Prairie Ave., Opp. Street Car Office

THE FIRE RECORD.

Car of Jute Burned. Dickinson, Texas, January 12.—A passing freight train dropped out a car of jute at this place last night, discovered on account of smallpox at the latter place to be on fire. The car and contents were totally destroyed.

Thirteen Buildings Destroyed. Adkins, Texas, January 12.—The town of Junction City, in South Arkansas, was half destroyed by fire this morning, the loss being over \$200,000 with very little insurance. The heaviest losses were the Junction City Hardware company, \$5000; New York store, \$5000; Mahoney & Smith, \$5000. The origin of the fire is unknown. Thirteen buildings were burned, the postoffice being among them.

Stores Burned at Housatonic. Mount Vernon, Texas, January 12.—At Housatonic, twelve miles north of this place, two more buildings, together with contents, belonging to Dr. C. Y. Green and W. D. Gill, were destroyed by fire.

Profit in Syrup Making. Valenzuela, Texas, January 12.—Mr. Charles Martin, one of the newcomers recently moved to the other side of the river from Louisiana, has just finished grinding his sugar cane into syrup, and has made a fine profit off of what he had left after the drought had damaged his twenty acres to a

considerable extent. He made seventy barrels of syrup and realized \$15 per barrel, his expenses being about \$500, leaving him a net profit of about \$500. A great many farmers are planning now with the expectation of the cane belt road reaching that section by the time the next crop is ready to cut.

Fort Worth Street Car Line Absorbed. Fort Worth, Texas, January 12.—The Polytechnic street car line was last evening sold to the Vanginkel syndicate of Dallas. The company will continue the construction of the interurban line between this city and Dallas, which was commenced a couple of weeks ago. It is expected to have it completed and in operation within four months. The new company will make improvements in this city to cost nearly \$200,000. This company now controls the consolidated lines in Dallas and the Polytechnic line here, besides the interurban line. A charter for the new company will be applied for at once and until it is granted the name will not be known.

Epidemics at Fort Worth. Fort Worth, Texas, January 12.—There is an epidemic of grip in this city and it is stated by the health authorities that there are as many as 700 cases. The disease has not receded fatally. Smallpox is prevailing here to an alarming extent, and there are many cases, but no deaths. There is a likelihood that the public schools may be closed for a short while until it subsides. One case developed in the First ward school.

TEXAS AND PACIFIC EXTENSION Will Give New Orleans a Short Line to St. Louis. Shreveport, La., January 12.—The Times tomorrow will announce a Texas and Pacific railway extension from New Orleans, Louisiana, to some point, probably Cypress, on the St. Louis, Iron Mountain and Southern. The new road will cross the Red River near its mouth and follow the west bank of the Mississippi as closely as practicable. The extension will give the Texas and Pacific and other Gould lines a railway extending from New Orleans to St. Louis, along the west side of the Mississippi river and will shorten the distance between the two cities many miles.

To Seek Oil Near Ennis. Ennis, Texas, January 11.—Considerable interest is being manifested in a proposition to lease here by an oil combination to secure 200 acres of land east of Ennis for the purpose of developing the oil project. The leases have been secured and work will probably begin at once.

Judgment for \$20,000. San Antonio, Texas, January 12.—In the district court today Horace E. Waller was given a verdict for \$20,000 against the San Antonio and Arkansas River railroad for the death of his husband, killed in an accident.
